Rash Itched Terribly and Disfigured My Face

Skin Sore and Red. Lost Rest. Ashamed to Go Out. One Box Cuticura Ointment, One Cake of Soap Healed.

"I started to break out on my face with a rash that itched terribly. My skin was very sore and red and the itching was so bad that I lost many a night's rest. My face was so disfigured from scratching that I was ashamed to go out. The trouble lasted about three years. I happened to see a Cuticura Soap and Ointment advertisement so I sent for a free sample. I could see and feel a difference after one application so I bought a box of Cuticura Ointment and a cake of Cuticura Soap, and now I am completely healed. (Signed) Mrs. W. A. Camp, 321 E. 120th St., New York City, July 14, 1916."

It is so easy to prevent skin and scalp troubles by using Cuticura Soap, and no other, for all toilet purposes, assisted by touches of Cuticura Ointment to first signs of pimples, rashes, dandruff or irritation. A BRONCHIAL HARD COLD

Yields to the Tonic Influence of Vinol.

"Last Fall I was troubled with a very severe bronchial cold, headache, backache, and sick to my stomach. I was so bad I became alarmed and tried several medicines, also a doctor, but did not get any relief. A friend asked me to try Vinol, and it brought the relief which I craved, so now I am enjoying perfect health. (Signed) Jack C. Singleton, Philadelphia, Pa."

The reason that cough syrups fail in such cases is because they are palliative only, while Vinol removes the cause, being a constitutional remedy in which are combined beef and cod liver peptones, iron and manganese peptones, and glycerophosphates. It strengthens and revitalizes the entire system and assists nature to expel the disease. At Liggett-Riker-Hegeman Drug Stores and at all drug stores that display the Vinol Agency Sign. Also at the leading drug store in all New York towns.—Adv.

agreed on a joint draft, which is now before the other nations of the Entente. On their approval the note will be handed to American Ambassador Sharp possibly to-morrow.

In its present form the reply is about the same length as the note to the Central Powers and has the same characteristics of general and guarded language. One of the most important points is a differentiation between peace among the present belligerents and such future arrangements as may be made for permanent peace, the purpose being to show neutral upholders of a future permanent peace that this is attainable.

A course of plain speaking and a clear statement of the terms on which the allies would consider peace negotiations is what the British press hopes the note will indicate. In the joint reply to America the Allies will probably subscribe to Russia's frank ambition to oust Turkey from Europe and obtain the Dardanelles, as being collateral with the Italian ambitions as to Tyrol and Istria and the French ambitions as to the "lost provinces" of Alsace and Lorraine. There is reason to believe these hopes of the Allies will be classified under the category of "reparation and guarantee."

ANSWER OF ALLIES WILL BE PASSED ON BY LANSING AT ONCE

WASHINGTON, Jan. 2.—Secretary Lansing said to-day that the English text of the Entente reply to Germany's peace proposals probably would be forwarded to the Central Powers to-day without waiting for the official French text. That will be sent direct to the Central Powers by the American Embassy in Paris.

TEUTONS DRIVING ON IN MOLDAVIA AND IN DOBRUDJA

Russians Retreat Further in Northern Wallachia—1,300 More Taken Prisoner.

BERLIN, Jan. 2 (By Wireless to Sayville).—Continuing their vigorous offensive along the Roumanian front, Teutonic troops yesterday pushed back the Russians and Roumanians along the valleys leading to the interior of Moldavia, the War Office announced. A successful bayonet attack was made on both sides of the Otus Valley.

The Teutonic forces in Northern Wallachia have compelled the Russians to make a further retreat and are approaching the bridgehead position near Pokhant.

More than 1,300 prisoners were taken yesterday in this area. In Dobrudja German and Bulgarian troops pressed back the Russians on Matchin.

GERMANS RAID FRENCH TRENCHES IN CHAMPAGNE

Return With Prisoners and Booty, Says Berlin—Hand Fighting at Ypres.

BERLIN, Jan. 2 (By wireless to Sayville).—Repulse of a British hand grenade attack in the Ypres salient, where there also has been an artillery duel of considerable violence, and raiding operations in the Champagne, the Argonne and the Verdun regions are reported in to-day's Army Headquarters statement regarding activities on the Franco-Belgian front. The statement reads:

"In the Ypres salient there was a heavy artillery duel. British hand grenade attacks were repulsed. In the Champagne, in the Argonne Forest and on the east bank of the Meuse (Verdun region) German raiding detachments and patrols entered British trenches and returned, as had been ordered, with prisoners and booty. A large British airplane fell into our hands."

"SOLD OUT," IS CRY OF RENT STRIKERS AFTER 46 DESERT

Peace Delegate's Apartment Stormed by Indignant Bronx Tenants.

144 FAMILIES ARE FIRM. Declare They Will Neither Pay Nor Heed Three-Day Dispossess Notice.

In two of the Bronx apartment houses, whose tenants went on strike against the increase in rent the owners demanded for the new year, a compromise is in effect to-day. It has terminated the revolt so far as they are concerned.

The compromise was engineered by Mrs. Lillian Past and Charles Rothenberg, tenants of Nos. 1423 and 1419 Wilkins Avenue, respectively, and selected as representatives of the forty-four families occupying the two houses. The firm of Gruenstein & Mayer, owners of the property, had declared an increase of \$2 a month for each apartment.

Mrs. Past and Rothenberg went last night to see Benjamin Gruenstein, head of the firm, at his home, No. 60 West Ninety-third Street, and made their protest. Gruenstein showed them his bills for maintenance, heat and coal, and the like, and offered them a compromise rate of \$1 per month. But when the tenants of three adjoining apartments, Nos. 1411, 1413 and 1415, and one around the corner at 833 Jennings Street, learned of the compromise they were highly indignant. They went in a body to Mrs. Past's home declaring she had "sold them out." Mrs. Past tried to explain that she had acted as she thought for the best interest of those she represented, but the storming party was not to be dissuaded.

The compromise of the Wilkins Avenue tenants was offset by an announcement from the tenants of the apartment houses at Nos. 584 and 582 Concord Avenue and Nos. 751 and 753 East One Hundred and Fiftieth Street, a total of 114 families, that they would neither pay the advanced rent demanded by Gruenstein & Mayer nor would they move from their homes.

The two "generals" who are leading these forces in the battle are Mrs. Celia Davis and Mrs. Jeanette Cohen. When an Evening World reporter went to these houses he found the tenants gathered in the hallways reiterating their determination to fight to the last ditch.

"The landlords will have to put us out, that's all there is to it," Mrs. Cohen said. "We should have thirty days' notice of a raise like this, and our lawyers will not see us put out on a three-day notice. These houses are putting their rent money in the bank, and when the landlords sign an agreement to give us plenty of heat, to take off the \$1 advance rent imposed and give us thirty days' notice of any further raises, then we'll pay the rent, but not before."

"What will you do if you are evicted?" was asked.

"Just let them try that!" was Mrs. Cohen's enigmatical reply.

\$8,934,587,000 U. S. CROP.

That's the Department of Agriculture's Estimate for 1916.

WASHINGTON, Jan. 2.—The aggregate value of all crops of the country last year, according to an estimate announced to-day by the Department of Agriculture, was \$8,934,587,000. That was an increase of \$2,165,959,000 over the value of 1915 crops and \$2,867,255,000 over the average of the years 1910 to 1914.

Texas holds its lead, but Illinois as second State in 1915 was displaced by Iowa last year. Except North Dakota every State showed increase in the value of its crops last year over 1915.

28 FREED LABOR LEADERS TO AID SWANN'S DEFENSE

Men Will Be in Court, Says District Attorney, Presenting His Side of Case.

MURDER TRIAL HALTED.

Whitman Expected to Act on the Controversy With Former Judge Delehanty.

District Attorney Swann laid before Judge Mulqueen, as presiding Judge of General Sessions, to-day his formal defense against the charges preferred against him by former Judge James A. Delehanty Saturday evening, placing the blame for the failure of the cases against twenty-eight labor leaders under indictment on Special Assistant District Attorney Breckenridge and impugning the motives and sincerity of former Judge Delehanty.

Judge Swann appeared in Part I of General Sessions after Judge Mulqueen had impaneled the January Grand Jury and, after shaking hands with the members of the jury with whom he was acquainted, thus addressed the court:

"Without previous notice or intimation I was apprised by the newspapers on Sunday morning that, after my office had been closed Saturday evening and my staff and myself had left for the holiday, a communication had been addressed to the Judges of this court by a gentleman who by appointment had met as a Judge of this court for the year just ended, which certain statements had been made attacking my official conduct as District Attorney and charging an attempted deceit upon this court."

"I beg to hand you herewith a statement upon the matter, regarding which I earnestly request the most careful and speedy attention on the part of yourself and your associates on this bench."

"The public welfare and my own reputation as a former Judge, as District Attorney and as a citizen require that a thorough examination of the facts be made by this court. All the papers in the case are at your disposal."

"It has been stated in these so-called charges that the defendants 'have dispersed and scattered to the four winds' and cannot now be prosecuted. In order to disprove that I will state to Your Honor that all of the defendants, with their counsel, Abraham Levy, Max Levine and Morris Hillquit will be in this court at 10 o'clock to-morrow; they have volunteered to come."

"This is an unprecedented situation, Mr. District Attorney," said Judge Mulqueen, accepting the copy of Mr. Swann's answer which was published in the newspapers yesterday. "Let this paper be filed and I shall consult with my colleagues with regard to it."

MURDER TRIAL HALTED BY THE CHARGES.

Judge Crain in General Sessions to-day granted an adjournment of the murder trial of Irving Wexler at the request of Wexler's counsel, Louis Fridiger, on the ground that the controversy between District Attorney Swann and former Judge Delehanty prejudiced the interests of his client.

Wexler is accused of the killing of Frederick Strauss, a clerk of the City Court, Jan. 9, 1914.

At the afternoon session of the court Mr. Fridiger moved that the Judge declare a mistrial. Judge Crain denied the motion and the trial, which has taken three weeks of the Court's time, will be continued.

Gov. Whitman was expected to indicate to-day in Albany what action he will take on the charges of fraud.

It is believed that if the Governor thinks the charge, that Mr. Swann in the cases of twenty-eight labor leaders virtually exonerated them without trial or proper investigation of the crimes for which they were indicted, should be investigated, he will appoint a single commissioner to hear the evidence. Among those mentioned as possible commissioners are George L. Ingraham, Republican, formerly Presiding Justice of the Appellate Division and adviser of the Governor, and Charles E. Hughes.

There is only one way that the mat-

ter may be brought before the court if the Judges as a whole refuse to act. That would be in the form of some motion affecting the twenty-eight indictments, which might be made by either the prosecution or the defense, and which would open the question for argument before the particular judge to whom the application was made.

The District Attorney issued a statement in which he said:

"If any one can show that I have ever charged or received a single dollar or a dollar's worth for any services, legal or otherwise, performed by me for any person, firm, corporation or 'syndicate' since I have begun to hold public office nine years ago to date, I shall resign the office that I now hold."

"The political conspiracy to rob the people of their choice for District Attorney by a pretense that the District Attorney in person must personally interview the witnesses in the 15,000 cases that have passed through this office since I took office one year ago, while the same critics claim that three months is insufficient time for an assistant to study the case and read over all of the papers in the case in question, is a contradiction in terms and offends common sense."

STOCKS HOLD STEADY; GAINS ARE GENERAL

Despite authoritative news that the Allies have cancelled approximately \$100,000,000 worth of war orders in this country—a considerable portion of the cancellations applying to manufactured products—the stock market held fairly steady throughout to-day's session. At the close all securities, with the exception of some minor rails and Mercantile Marine showed quite substantial gains. Mercantile Marine was depressed by the forecast of renewal of German submarine activity everywhere.

Typical net gains for the day were: American Hide and Leather, 3-1/4; Atlantic Gulf and West India, 5-1/4; Texas Oil, 5-1/4; Central Leather, 21-1/2; United States Industrial Alcohol, 51-1/2; Crucible Steel, 17-3/4; General Motors, 3; Maxwell Motors, 3; Mexican Petroleum, 1 point; and United States Steel, 33-3/4, closing at 193-5/8.

Third Avenue Railroad registered a loss of 21-1/2 points on the day because of the death of President Whitridge. Standard rails held their own. Nearly 1,000,000 shares of stock were sold.
